

## National Science Foundation (NSF) CAREER Workshop

Join the Office of Research Development (ORD) for a series of workshops on the **NSF CAREER** program. These workshops take faculty on a deep dive into CAREER, NSF's eminent funding program in support of early-career faculty who can serve as academic leaders in research and education and produce groundbreaking research in science, engineering, and technology. Workshop participants will learn about different aspects of the NSF CAREER proposal requirements and will learn strategies, tools, and best practices.

To participate, register here: **[CAREER Registration Form](#)**
